Proposed Solution

Date	25 June 2025
Team ID	LTVIP2025TMID31177
Project Name	To Supply Leftover Food to Poor

The proposed solution is a digital platform (app/website) that connects donors of leftover food with NGOs and individuals in need. It enables real-time listing, matching, and safe distribution of surplus food through coordinated volunteer and logistics support.

S.No.	Parameter	Description
1	Problem Statement	Food is wasted daily while many people go hungry due to lack of real-time, organized distribution.
2	Idea / Solution	A digital platform to connect food donors with nearby NGOs and volunteers for timely food redistribution.
3	Novelty / Uniqueness	Combines live food tracking, volunteer logistics, and safety checks into one streamlined system.
4	Social Impact / Customer Satisfaction	Helps reduce hunger, food waste, and ensures dignity in food access for underprivileged communities.
5	Business Model	CSR funding, NGO subscriptions, and donor analytics for sustainability.
6	Scalability	Easily expandable to other regions with local partnerships and API-based integration.
